

FIITJEE School Program students excel in IIT-JEE, 2010

Best way to excel in IIT-JEE is to learn from the toppers

Vipul Singh

AIR-5, IIT-JEE, 2010

Student of PINNACLE - Two Year Integrated School Program at Bhilai Centre & Co - Mentored by South Delhi Centre

I am overjoyed with my rank in IIT-JEE 2010. Everyone dreams of being in the Top 10 of IIT-JEE but only a select group makes it. Last year when I heard of Nitin Jain, FIITJEE's Two year classroom student, bagging the AIR-1 in IIT-JEE 2009, I dreamt of being in the top 10 in 2010. And today I am proud to say I made it. And the common factor remains the same - FIITJEE. I came to know about FIITJEE from one of my friends who had joined in class IX. Seeing his progress in IX and X, I was encouraged to join FIITJEE which I eventually did in class XI. Out of all the FIITJEE programs, I came to know that the Two Year School Program called Pinnacle was the best as it is least stressful and combines school and IIT-JEE training within the school hours itself. And this can be seen in my result (96.2% in class XII CBSE) and I have topped the Chhattisgarh state. This program of FIITJEE is simply the best. No wonder I qualified in KVPY, got selected for IPhO, All India First in NSTSE, All India first in International Mathematics Olympiad. I am an active swimmer and FIITJEE helped me in my extracurricular activities including Yoga and meditation.

The best part about FIITJEE's School programs is that average students benefit a lot. They just have to focus on one place, the school and FIITJEE does the rest. After meeting several toppers in the Olympiad camp I realized that FIITJEE is only institute of its kind in India. FIITJEE taught me to lay equal emphasis on school as well as IIT-JEE. FIITJEE taught me how to think rather than just cram formulae and solve problems. To be honest, I got more from FIITJEE than AIR 5 in IIT-JEE.

FIITJEE's Study material is simply the best. They are concise so they are readable, up to the point, so they don't waste your time, non-bookish, so interesting and contain all levels of problems. FIITJEE All India Test Series is undoubtedly the most popular in India with the maximum number of students taking this test. For me, all the 9 tests of AITS were an eye opener and IIT-JEE became just the 10th one. The Grand Master's package contained all the brain twisters possible and the RTPF gave me additional practice to hone my skills.

My advice to the juniors is - join FIITJEE as early as class IX, join the school programs of FIITJEE. If you don't make it through the school programs then join the classroom programs but join as early as class VII and then IIT-JEE programs from IX. If for some reasons classroom programs are inaccessible, use the Rankers Study Material.
